OUR PACKAGES- Vehicle Tracking

1. **Real-Time Tracking:** Keep tabs on your vehicle's exact location with up-to-the-minute updates.
2. **Remote Vehicle Immobilization:** Enhance security by remotely disabling your vehicle in emergencies or unauthorized use.
3. **Current Position Report:** Access immediate information about your vehicle's present location.
4. **Detailed Reports & History:** Gain valuable insights into your vehicle's activities through comprehensive reports and historical data.
5. **Geo-fencing and POI Control:** Set geographic boundaries and receive alerts when your vehicle enters or exits specific areas of interest.
6. **Speeding Alert:** Ensure safe driving practices by receiving notifications when your vehicle exceeds designated speed limits.
7. **Engine Cut via SMS:** Take control by remotely cutting your vehicle's engine through a simple SMS command, adding an extra layer of security and control.

OUR PACKAGES- Fuel Monitoring

1. **Real-Time GPS Tracking:** Monitor vehicle locations in real time to ensure efficient routing and accountability.
2. **Real-Time Fuel Level Tracking:** Track fuel levels in real time to optimize fuel usage and reduce costs.
3. **Comprehensive Analytics and Reporting:** Utilize analytics and reports to make data-driven decisions for fuel efficiency.
4. **Geo-fencing and Alerts:** Set boundaries and receive alerts for unauthorized fuel-related activities or breaches.
5. **Remote Vehicle Immobilization:** Enhance security by remotely disabling vehicles in case of theft or misuse.
6. **Maintenance/Renewal Reminders:** Receive timely reminders for vehicle maintenance, insurance renewals, and inspections to prevent fuel-related breakdowns.
7. **Driver Management:** Manage drivers effectively to promote fuel-efficient driving habits and accountability.

Fleet Management

1. **Real-Time GPS Tracking:** Essential for monitoring vehicle locations and ensuring timely deliveries.
2. **Real-Time Speed and Location Tracking:** Helps maintain safe driving practices and precise location data.
3. **Real-Time Fuel Level Tracking:** Optimizes fuel efficiency and cost savings, a crucial aspect of fleet management.
4. **Route Monitoring and Recording:** Streamlines logistics by recording and analyzing vehicle routes.
5. **Interactive Dashboard:** Provides a user-friendly interface for seamless tracking and management.
6. **Comprehensive Analytics and Reporting:** Enables data-driven decision-making by offering detailed insights into fleet performance.
7. **Driver Management:** Ensures driver safety and accountability, a key factor in fleet management.
8. **Maintenance/Renewal Reminders:** Helps maintain vehicle health by providing timely reminders for services, insurance renewals, and inspections.
9. **Remote Vehicle Immobilization:** Enhances security by allowing the remote immobilization of vehicles when needed.
10. **Geo-fencing and Alerts:** Sets geographical boundaries and sends alerts for vehicle entries and exits, aiding in security and efficient fleet operations.

Motor Assessment and Valuation

Vehicle Inspection and Assessment Services: Our inspection and assessment services provide thorough examinations of vehicles, helping you to gain insights into their condition, performance, and potential issues.

Accurate Valuation Reports: Our valuation reports deliver precise estimates of a vehicle's worth, taking into account various factors.

Pre-Purchase Inspection Services: Pre-purchase inspections are conducted to assess a vehicle's quality and condition before a purchase is made. This service is invaluable in preventing unexpected issues and ensuring that the vehicle is safe and reliable.

Post-Accident Assessment and Valuation: In the aftermath of a vehicular accident, our post-accident assessment and valuation service determines the extent of damage and calculates repair or replacement costs.

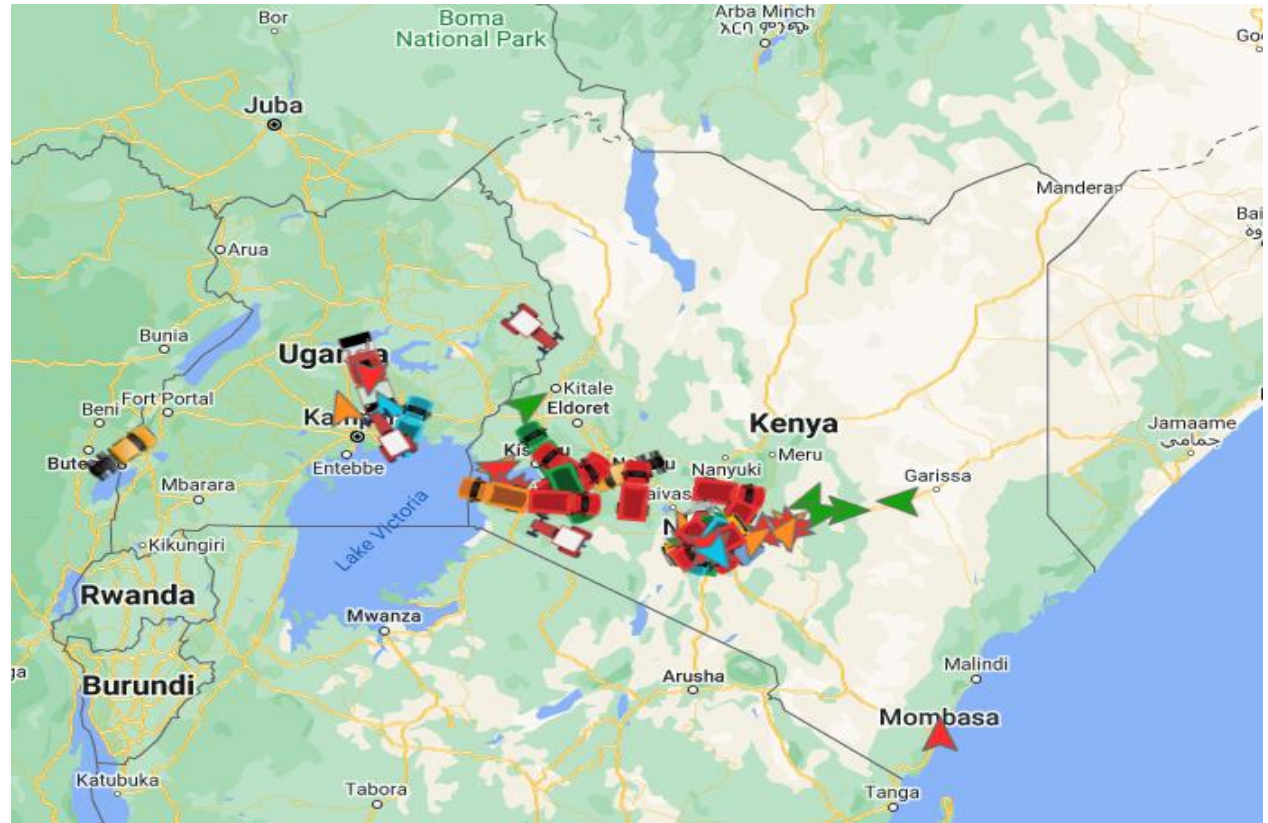

Expert Assessment Team: Our team of experts boasts extensive industry experience, offering a wealth of knowledge in vehicle assessment, maintenance, and valuation.

Vehicle Towing and Recovery

- **24/7 Emergency Towing:** No matter the hour, our experienced team is ready to assist you promptly.
- **Accident Recovery:** If you've been in an accident, our experts will safely recover and transport your vehicle, ensuring minimal further damage and a smooth transition through the claims process.
- **Roadside Assistance:** From jump-starts to tire changes, lockouts, and fuel delivery, we offer comprehensive roadside assistance to get you back on the road quickly and safely.
- **Specialized Vehicle Transport:** We're equipped to handle the towing and transportation of a wide range of vehicles, including motorcycles, classic cars, and heavy-duty vehicles, ensuring they reach their destination in optimal condition.
- **Secure Storage:** In case your vehicle needs to be stored for any duration, we offer secure and monitored storage facilities to keep your property safe.
